The Pacific Coast Air Museum (PCAM) is the finest air museum in the North Bay. When you become a member you support our educational programs and help preserve a large collection of historic aircraft and exhibits. In addition, our members enjoy sharing their love of aviation and history by volunteering their time, energy, and experience in maintaining our collection and serving as docents to tell the story of the brave men and women our collection represents.

Memberships run twelve full months. (e.g., If you buy a membership June 10 you are a member until July 31 the following year.) All members receive a monthly email newsletter, monthly membership meetings with informative speakers, free admission to the museum during public open hours, and a 10% discount on merchandise in our gift shop. General Members are entitled to vote and may be elected to the Board of Directors. Guest Passes may be used one time by non-members for museum admission during public open hours.
