To promote the acquisition, restoration, safe operation, and display of historical aircraft and provide an educational venue for the community

REACH Sponsors "Hot Dog Thursday" at Pacific Coast Air Museum

REACH, the premier air medical service in California sponsored this season's first "Hot Dog Thursday" on April 2, 2009. A large group attended and according to all reports, a great time was had by all. The Pacific coast Air Museum is grateful to REACH for all that they do.

REACH Crews in action

The Staff and membership of the Pacific Coast Air Museum appreciates all that REACH does for Sonoma County and the State of California.

May 20th Member Meeting Guest Speaker

Imagine getting an invitation to visit the USS Nimitz while at sea! The visit includes a trap (arrested landing) and a catapult shot, 24 hours aboard the world's largest class nuclear aircraft carrier, meeting the ship's Captain, two Admirals, pilots and "back seaters" as well as the ship's crew, and the opportunity to observe operations including night cats and traps.

Pacific Coast Air Museum member and Controller, Tim Delaney, was able to do just that a couple of months ago. He will share this trip of a lifetime with us at our May 20th member-ship meeting. His presentation will include video of his experiences.

Tim is currently flying a Cirrus SR22 airplane. It is a single engine 4 seat high performance airplane that comes standard with its own chute. Leigh Anne (his wife) and he flew it around the country in the fall of 2005, 65 hours over 7 weeks. From STS to Washington state, across the top of the country to Vermont, down the eastern seaboard to the Bahamas and then across the south to STS. And he didn't have to use the chute!!!! He has been flying since he was 15 and soloed on his 16th birthday with only 4.4 hours of logbook time.

Please join us Wednesday May 20th at 7 p.m. to hear about Tim's adventures.

STRAIGHT SCOOP

Executive Director's Update

Our first Boy Scout Aviation Merit Badge program on April 18th was a huge success! Thanks to Allan Morgan and his great group of volunteers for all their hard work in planning this event and bringing it off.

Thanks to Bob Archibald of Dragonfly Aviation and our Board member Paul Heck for donating flights as part of the aviation merit badge program. The museum recently helped Sonoma County firefighters get training on aircraft crash rescue. We towed our Albatross, S-2 and F-4 Cockpit Simulator to the north end of the field where member Don Ricci put on the training. When they were done, Don and his trainers had run 14 rotations and over 140 firefighters and first responders through the training. Don reports that "everyone got a lot out of the event and it was because of the Museum that it was such a success." Thank you Don!

Get your tickets for our 4th Annual "All You Can Eat Shrimp Feed" Fundraiser at Finley Center, Saturday, June 6th, We've hired a terrific New Orleans chef, Maria Vieges, to prepare her great Cajun style shrimp, two different kinds of pasta, Caesar salad and garlic bread. Your \$45 ticket includes a glass of wine or beer. \$450 gets you a reserved table for eight with two bottles of wine on the table. See any Board member or Dave or Duane in the office to buy your tickets. We can handle 300 people, and once we sell 300 tickets, there are no more. We're also going to have the best raffle we've ever had, with some amazing prizes, including quite a few airplane flights.

Tickets for the Friday night, August 14th, "Performer and P-38 Reception" will go on sale at the Shrimp Feed. It'll take place on the Flight Line, in the large Kaiser Air hangar at the north end of their brand new ramp. The performer's aircraft will be there for you to see up close, as will the P-38 and possibly some other rare war birds. Tickets are \$40 each and includes snacks catered by Sam's For Play and a glass of wine or beer. You can sponsor a performer for the terrific price of \$20 a ticket. Tickets go on sale on Saturday, June 6th at the Shrimp Feed, in the museum admin office, at Kaiser Air and at both Sam's For Play restaurants.

Air Show planning is going along at full speed and we are far ahead of where we normally are at this time of year. Hall of Famer Gene Soucy is returning, along with his wingwalker Theresa Stokes. Another award winning performer Greg Poe in his MX-2 will perform this year, as will the popular Dan Buchanan in his towed hang glider. Team Rocket from Canada will put on a tremendous two-ship aerobatic demonstration. New this year will be our "President's Club" tent - - an upgraded ticket which gets you food, drink, shade and a seat all day long. Stay tuned for details about this new opportunity to see our Air Show. For the rest of the Air Show details, see <u>www.pacificcoastairmuseum.org</u>. Click on the Air Show tab or go to <u>www.wingsoverwinecountry.org</u> for details. Steve Hoxie still has some key openings on his Air Show staff and for volunteers, so let him know if you are interested (swhoxie@gmail.com).

Don't miss our May 20th Member Meeting at SCOE. Tim Delaney, museum member and pilot is presenting a program about his recent fascinating visit to the USS Nimitz—while at sea!

Don't forget to get your Shrimp Feed tickets now!

Smooth landings,

Dave Pacific Coast Air Museum
