## Pacific Coast Air Museum Flying Permit

This completed application must be submitted to Pacific Coast Air Museum (PCAM) before a student can take a flight in association with any of our education programs.

### Before signing, carefully read this agreement

As the parent or guardian, my signature below consents to allowing my student participant to make a local orientation flight from the Charles M. Schulz Sonoma County Airport (KSTS) in association with any education program from the Pacific Coast Air Museum. These FAA licensed pilots fly a variety of aircraft that are equipped with all necessary paperwork in compliance with FAA regulations, are annually inspected, and insured.

The student and I agree to indemnify and hold Pacific Coast Air Museum harmless from any claims, costs, damages, and liabilities, including attorney's fees, arising from taking part in any flight associated with the museum's education programs.

I am voluntarily signing this Permit and intend it to be the unconditional release of all liability.
