Pacific Coast Air Museum

Flying Permit

This completed application must be submitted to the Pacific Coast Air Museum (PCAM) before a student can take a flight in association with any Pacific Coast Air Museum's education program.

Before signing, Carefully Read This Agreement.

As the parent or guardian, my signature below consents to allowing my student participant to make a local orientation flight from the Sonoma County Airport, in association with any Pacific Coast Air Museum educational program. These FAA licensed pilots fly a variety of aircraft that are registered with the FAA, annually inspected and are insured.

The student and I agree to indemnify and hold PCAM harmless from any claims, costs, damages, and liabilities, including attorney's fees, arising from taking part in any flight associated with the museum's education programs.

I am voluntarily signing this Permit and intend it to be the unconditional release of all liability.
